

UBER FREIGHT

Tap a button. Book a Load.

Discover the real “Uber for Trucking”

Uber Freight is a free, easy-to-use app that uses the best technology from Uber’s popular ride-sharing app to match carriers with shippers. Upfront, committed pricing, and one-click booking results in better matches for everyone.

Why haul with Uber Freight?

All the info you need upfront

Available loads display the details upfront, including rates, shipper and receiver, commodity, and load requirements.

Industry-leading accessorial rates

Rates for accessorial charges, like detention, layovers, and TONUS are publicly posted on the Uber Freight website.

Tap a button, book a load

Book a load and get instant confirmation. It's yours to pick up and deliver—skip the back-and-forth. Skip the hassle.

Get paid within a week

Complete a haul. Get paid within a week. No more months-long wait for payment. No fees.
